1. Good Times Bad Times	
In the days of my youth	For we have done it here Love break
I was told what it means to be a man	A hand for you They hint it out for once to Rock
Now I've reached that age	Yet I still burn
I've tried to do all those things the best I can	Hey God save them He's the one who walk To raise this house party
No matter how I try	Faust, now I'll hell'm for you
I find my way to the same old jam	I ask for all the answers to hear Why mouth?
Good times, bad times	In my stabs Not good
You know I've had my share	I have sharpen brow with him
When my woman left home	Poor fan of a woman
For a brown-eyed man	In my lifeboat
Well, I still don't seem to care	Play this forward sound
Sixteen I fell in love	On to dead bodies service
With a girl as sweet as could be	Hear this sermon
It only took a couple of days	Her humm Her voice of new order
Til she was rid of me	Hymn carols at, she won't say
She swore that she would be all mine	I am believe, that we should go to show
And love me 'til the end	Hey it was nibble
But when I whispered in her ear	Hey Play notes in whatever
I lost another friend	Oh help, fill him with sorrow
Good times, bad times	In my stabs Not good
You know I've had my share	I have sharpen brow with him
When my woman left home	Poor fan of a woman
For a brown eyed man	In my lifeboat
Well, I still don't seem to care	Play this forward sound
Good times, bad times	In my stabs Not good
You know I've had my share	I have sharpen brow with him
When my woman left home	Poor fan of a woman
For a brown eyed man	In my lifeboat
But, I still don't seem to care	Play this forward sound
I know what it means to be alone	And all I perceived It all worked out
I sure do wish I was at home	Oh as I watch her window shop
I don't care what the neighbors say	Yes we have no way what's going on
I'm gonna love you each and every day	We asked him when I see Oh he pulled the worst card
